

APPLICATIONS

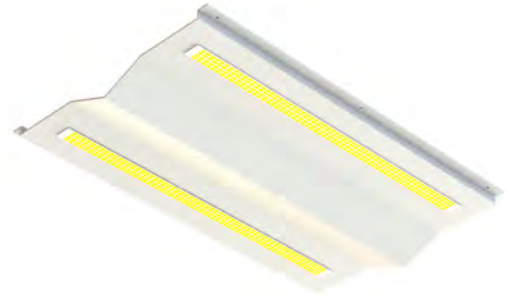

The BTRKG3 is a high efficacy, LED troffer retrofit kit that delivers the only AC Direct Technology on the market with an efficacy up to 152 lumens per watt. This kit is designed to convert most recessed fluorescent 2x2, 1x4, and 2x4 troffers to long-life and efficient LED technology. These kits provide everything required to enhance the performance and energy savings of your recessed fixture while minimizing labor, clean up and expense. Kits include high-efficiency reflector, LED boards and tek screws for easy assembly. Kits install with simple hand tools in minutes.

FEATURES & BENEFITS

- AC Direct technology - No DC power supply
- Input Voltage: 120, 277V, 60Hz
- Optional 0-10V dimming
- 15 year non-prorated warranty
- ETL Listed
- Operating temperature: -40C to 40C
- High Efficacy Up To 152 Lumens per Watt

SPECIFICATIONS

The BTRKG3 retrofit kits mount easily, requiring only simple hand tools. The process includes removal of the existing ballast cover(s) and removal of the existing socket brackets and ballast. The fixture wiring point is on the backside of the reflector.
